ABOUT ME

I am a passionate and dedicated individual currently pursuing a Bachelor's degree in Cyber Security (BSCS), along with a diploma in Software Engineering. With hands-on experience as a Web Developer, I have developed a strong foundation in both frontend and backend technologies. I am always eager to learn new skills, solve complex problems, and contribute to innovative projects. My goal is to grow as a professional in the field of software development and make a positive impact through technology.
